Cümle başındaki boşluk paragrafın yönünü söyler: *however, for this reason, in other words*

6 Edilgen / etken
Özne işi yapıyor mu, işe maruz mu kalıyor? *were kept, is reduced*

İki paragraf, on soru

SÜRE: 10 DAKİKA

Sleep is often treated as a luxury rather than a necessity, **(1) ----** research consistently shows that it plays a central role in learning. During deep sleep, the brain replays the day's information, strengthening the connections **(2) ----** neurons. Students who stay up late to study may therefore be undermining the very results they hope **(3) ----**. In one study, participants who slept for eight hours after learning a list of words recalled far more of them than those who **(4) ----** awake all night. **(5) ----**, experts recommend that exam preparation include regular sleep rather than last-minute all-nighters.

1.

A) as long as **B)** even though **C)** so that **D)** unless **E)** in case

2.

A) between **B)** over **C)** through **D)** against **E)** beyond

3.

A) achieving **B)** achieved **C)** achieve **D)** to achieve **E)** for achieving

4.

A) are keeping **B)** will be kept **C)** were kept **D)** have kept **E)** keep

5.

A) Otherwise **B)** By contrast **C)** Even so **D)** In other words **E)** For this reason

Trees are increasingly seen as part of a city's infrastructure **(6) ----** they provide services that would otherwise cost millions to replace. A single mature tree can lower the surrounding air temperature by several degrees, which in turn **(7) ----** the demand for air conditioning in summer. Trees also absorb rainwater, reducing the risk of flooding **(8) ----** heavy storms. **(9) ----** these benefits, many cities still remove old trees during construction projects instead of designing around them. Planners argue that protecting existing trees is far cheaper than **(10) ----** new ones that may take decades to mature.

6.

A) unless **B)** although **C)** so that **D)** because **E)** whether

7.

A) reducing **B)** reduces **C)** to reduce **D)** has been reduced **E)** is reduced

8.

A) since **B)** among **C)** beyond **D)** despite **E)** during

9.

A) Despite **B)** Because of **C)** Instead of **D)** In addition to **E)** As well as

10.

A) to plant **B)** plant **C)** planting **D)** planted **E)** having been planted
